

Meeting Log for 2/18/2020

Attendance: Umar, Jack, Tim, Emma, Edward.

What we worked on: Finished the tutorial we found and built a crude sign up for and set up some of the routes

Goals for next week: Continue designing more screens. Look at basecamp for more info. Main thing is to go for the categories on the main page and get a better understanding of git.

MEETINGS GO FROM 12:30-2:30
