

Meeting Log for 4/14/2020

Attendance: Tim, Emma, Edward, Jack, Umar

What we worked on:

Goals for next week: We want to look into history and be able to show past items. We need to research what we need, how we might link our history to the database, and how we can show the history on the home page as well. Look into notification, what kind we can use, why and how it's better than others.

MEETINGS GO FROM 2-4 pm
